*Single users and Homework users need to provide a machine ID to obtain a node-locked machine-specific installation serial number			
1 A school's purchase order and/or purchasing information can be faxed to EnDuraSim on +61 2 9475 4442.			
2 All software and documentation is delivered electronically. An Email containing download instructions and a serial number will be the sole deliverable.			
3 Payments can be made by 'Direct Credit' to EnDuraSim account, or by Cheque.			
4 For Australia, 10 percent GST needs to be added to the total value of order. New Zealand orders do not attract GST.			
5 All sales are final. No cost Evaluation versions of all products are available and provide the means for you to determine if the products meet your requirements.			
6 Homework/Student Editions do not include manuals or technical support and are only for student use on student-owned computers (not for school computers).			
7 Homework/Student Edition licenses are valid for one year and are limited to 50 bodies, 15 constraints, and 15 output meters.			
8 Technical support is provided by EnDuraSim for the first four months of new purchases.			
9 Multi-user licenses are networkable.			
10 Student purchases must be accompanied with a valid student ID and proof of current enrollment in an engineering degree-granting program.			
11 Prices and terms are subject to change without notice.			
12 Multi-user licenses configured as floating licenses allow simultaneous use up to the number of licenses purchased and require the installation of our network license server.			
13 Multi-User licenses configured as node-locked can be installed on N machines, where N is the number of licenses purchased. No license server is required.			
14 Multi-user licenses can only be installed at a single geographic location or campus.			
15 All node-locked licenses (single or multi-user) can be removed from one machine and re-activated on another machine.			
16 See http://www.design-simulation.com/support/licensing.php for more information about licensing.
